(Carbon)
Zinc
Iron
Lead
(Hydrogen)
Copper
Silver
Gold
Platinum

A vertical color gradient arrow pointing upwards, representing increasing reactivity from bottom to top.

The Reactivity Series

Potassium
Sodium
Calcium
Magnesium
Aluminium
(Carbon)
Zinc
Iron
Lead
(Hydrogen)
Copper
Silver
Gold
Platinum

A vertical color gradient arrow pointing downwards, representing increasing reactivity from top to bottom. The arrow is composed of two main colors: dark blue at the top and light blue at the bottom. It is positioned vertically in the center of the page.

The Reactivity Series

Potassium
Sodium
Calcium
Magnesium
Aluminium
(Carbon)
Zinc
Iron
Lead
(Hydrogen)
Copper
Silver
Gold
Platinum

A vertical blue arrow pointing upwards, representing the reactivity series. The word "MOST REACTIVE" is at the top and "LEAST REACTIVE" is at the bottom.
